

MARKET STALL DIAGRAM

STALLS are constructed in PAIRS (as shown right.)

The tabletop and tabletop support bars can be removed to make a walk-in stall

So one individual stall = 2.1m x 2.1 m (as shown above)

One PAIR of stalls = 4.2 m x 2.1m

Frame construction: mild steel box frame

Tabletop: plywood 2.1m x .9m (removable)

Canopy: fitted PVC weatherproof cover. PLEASE DO NOT CUT OR DAMAGE THE COVER IN ANY WAY.
